Drum Trucks

รถเข็นถัง

- A truly quality-built drum truck.
- Remarkable versatility! DPD500 raises, transport, rotates, tilts and drains fully loaded drums. It carries the full weight of the drum. Dual, fingertip operated lock secure the raised drum. It can lock a drum in vertical position to avoid spills or horizontal position for draining through a faucet.
- When unlocked, the drum may be turned end-over-end to agitate contents or tipped and held manually at any angle.
- Easy to move and steer on its 8" polyurethane roller bearing wheel and 4" swivel caster.
